

GASES AND AIR PRESSURE (OPEN AND CLOSED SYSTEMS) NOTES

Pressure: _____

Units of Pressure: _____

Volume and Temperature (no change in pressure): _____

Demo - Can Crusher: _____

- _____ relationship {
 ↑ temperature and _____ volume
 _____ temperature and _____ volume

Pressure and Temperature _____

- _____ relationship {
 ↑ temperature and _____ pressure
 _____ temperature and _____ pressure

Pressure and Volume _____

Demo - Marshmallows in syringe: _____

- _____ relationship {
 ↑ volume and _____ pressure
 _____ volume and _____ pressure
